## SUMMARY

Aspiring Software Developer and final-year BSc Information Technology student with hands-on experience in Python, Java, C#, C++, JavaScript, React, HTML, CSS, Node.js, and .NET. Proficient in Object-Oriented Programming (OOP), web applications, databases (SQL & NoSQL), data structures, and system analysis. Strong problem-solving and analytical skills with experience delivering responsive, user-focused software solutions. Eager to apply technical expertise to innovative software development projects.

## EDUCATION

**Bachelor Of Science - Information Technology** 2022 - 2025

North West University

- Coursework in software development, OOP, web and UI/UX development, databases (SQL & NoSQL), data structures, algorithms, system analysis, and information security.
- Gained practical skills in Python, Java, C#, C++, JavaScript, React, HTML, CSS, Node.js, and .NET, with strong analytical and problem-solving abilities.

**Award:**

- Golden Key International Honour Society — Top 15% of students for academic excellence (2023)

## EXPERIENCE

**Discrete Mathematics Tutor - BridgeOne** Aug 2025 - Present

- Served as a tutor for MTHS225 students, providing guided problem-solving, concept clarification, and assessment preparation.
- Supported students in strengthening foundational mathematical skills and improving academic performance.

## PROJECTS

**Profile Website** Sep 2025 - Oct 2025

- Developed a personal portfolio to showcase technical skills, projects, and experience.
- Implemented responsive design and interactive features using HTML, CSS, and JavaScript.

**Unipath Website (Group Project)** July 2025 – Oct 2025

- Led frontend development using React, HTML, and CSS.
- Built reusable components and responsive UI layouts for a seamless user experience.
- Collaborated with backend developers to integrate APIs for first-year student support.

## ADDITIONAL INFORMATION

- **Technical Skills:**
- **Programming Languages:** Java, C#, C++, Python, JavaScript
- **Web & UI Development:** HTML, CSS, React, Node.js, .NET, UI/UX, Web Development
- **Databases:** SQL, NoSQL
- **Concepts & Methodologies:** Object-Oriented Programming (OOP), Data Structures, System Analysis, Algorithm Design
- **Tools & Platforms:** Git/GitHub, VS Code
- **Languages:** English, Xitsonga, IsiZulu
- **Certifications:** SheCodes Basic & Advanced CSS (2024), FNB Academy Full Stack Development (2025)
