SUMMARY

Final-year BSc Information Technology student at North-West University with hands-on experience in Python, Java, JavaScript, React, HTML, CSS, and Git. Skilled in software development, object-oriented programming, web applications, databases, and system analysis, with strong problem-solving and analytical abilities. Eager to contribute to a development team and build efficient, scalable, user-focused software solutions.

EDUCATION

Bachelor Of Science - Information Technology   **Jan 2022 - Present(Expected 2025)**
North West University

- Equipped with strong software development and programming skills, including object-oriented and structured programming, UI development, web development, databases, data structures & algorithms, system analysis, and information security. Developed analytical, problem-solving, and technical skills directly applicable to building and maintaining software solutions.

EXPERIENCE

GRADESMATCH MATHS TUTOR   **Aug 2025 - Present**

- Appointed Discrete Mathematics Tutor at BridgeOne, providing academic support to MTHS225 students.

ACACIA VICE PRIM & LEGAL OFFICER   **Nov 2024 - Oct 2025**

- Led residence governance and events, represented residents in leadership meetings, and fostered an inclusive community, developing strong leadership and communication skills.

PROJECTS

Portfolio Website   **July 2025 - present**

- Developed a personal portfolio showcasing my skills, projects, and experience as an aspiring software developer. Designed with a clean, responsive layout using HTML, CSS, and JavaScript, highlighting my work, leadership, and technical abilities

Frontend Developer - Unipath Website   **July 2025 - Oct 2025**

- Built a responsive, mobile-first frontend using React, HTML, and CSS, creating reusable components, clean UI layouts, and collaborating with backend developers to integrate APIs and ensure seamless user experience for first-year student support.

ADDITIONAL INFORMATION

- **Technical Skills:** Java, JavaScript, C#, C++, Python (Programming Languages); HTML/CSS, React, Node.js, .NET, UI/UX, Web Development (Web & UI Development); SQL, NoSQL (Databases); Git/GitHub, VS Code (Tools & Platforms); OOP, Data Structures, System Analysis (Concepts & Methodologies)
- **Languages:** English, Xitsonga, IsiZulu
- **Certifications:** SheCodes Basic & Advanced CSS (2024), FNB Academy Full Stack Development (2025)
- **Awards:** Golden Key International Honour Society – Top 15% of students in field for academic excellence, North-West University (2023)
